3.5 EX TEAM STATUS

Realignment Guidelines Pertaining to EX Teams Playing in Shakeout Seasons **(11/17/14)**

Point of competition:

- To allow teams to play in the League and to further allow all eligible players to participate who wish to, in an age-appropriate manner.
- All the teams and players shall abide by a common set of rules to allow for the best competition and development for all, with safe and fair play.
- Team's results and competition must not be considered on the same level if they are not competing under the same set of rules or restrictions. Therefore, the following amendments are added to the Realignment Guidelines, effective **(11/17/2014)**

- 6) EX teams (teams granted exceptions from the 7 true-age player rules) will be allowed to play in Shake Out competitions, given the consideration that there is no Select division in any Shake Out competition.
- All games in any Shake Out competition that involve EX teams will be played, but scores recorded in favor of EX teams' opponents with a score of 4-0, so as not to adversely affect the standings when including a team (or teams) which do not abide by the same rules and restrictions as all others in the Shake Out competition.
 - EX teams do not count towards the promotion through the Shake Out procedure. The EX-teams will assume the last position in every group they participate in at every level of the Shake Out competition. This assures them the ability to play all games and competition without compromising the integrity of the intent of the Shake Out procedure.
 - Allow EX teams in the select division they have earned whether they are in Select I, II, III and have promotion/relegation games between the Select divisions starting in the 2017/2018 seasonal year **(8/2/17)**

3.6 PROMOTION

- 7) Criteria or guidelines for quality for promotion to the next older age group, and for maintenance of promoted status a team must:
- a. Demonstrate dominance in their age group. Dominance is defined as Premier Division Champion, no ties, or losses. Promotion is not automatic and must be requested. Promotion will be considered by the Competition Committee for teams that qualify only if so, requested in a letter of justification by club president or DOC (or head coach, in the case of an independent team only), using the Promotion Request Form (to be developed) on the Oahu League website, along with the team's registration form, at or before the registration deadline for the team in question. If not requested in a timely fashion using a justification letter on the correct form, promotion will not be considered by the Competition Committee. Until approved, any team applying for promotion should register for their correct respective age group.
 - b. Maintenance of promoted status. Any team, having been promoted to the next older age group, that finishes in the bottom half of the lowest older age group division to which they are assigned, will be reassigned to the age group immediately below or division immediately below for the upcoming Competitive Season, unless they finished in the top three in a division of five or more teams in the older division.
 - c. The Competition Committee is granted the right to move a team demonstrating dominance but not requesting a move, up one division in the interest of competition.
- 8) Promotion/relegation games at the end of the Competitive Spring Season will continue as present, to include promotion/relegation games between all divisions in an age group. New

teams entering the Competitive Spring Season come in at the lowest division of their respective true age group

- 9) 19U teams will not be included in promotion/relegation games since they will not be present in the next seasonal year. Even such teams that will be present in the next seasonal year will be missing their oldest and strongest players in the next seasonal year, so any results from such teams will be skewed with the known absence of those 19U players in the next seasonal year. Further, many of those teams would choose not to participate in promotion/relegation games because of the timing of those games with respect to high school graduations and graduation parties, and other celebrations and commitments that these graduating players would choose over participating in promotion/relegation games. **(8/2/17)**

3.7 ROSTER REQUIREMENTS

- 10) Player Registrations are due on the same day as team registrations.
 - a. Seven players minimum and a coach are needed to participate **(5/7/14)**

3.7.1 True Age Policy

- 11) Minimum number of players within true age group, on any team playing 11 Aside, in order to have true age group team number, would be seven (i.e., minimum seven U13 players to get a U13 team number and play in U13).
 - a. Seven rostered, true age players must be on game day rosters, dressed and able to play. Club pass players may not be used to fulfill the number of true age players required on the game card. The Competition Committee will evaluate situations where teams might be challenged in getting players in age group on a case – by – case basis.
 - b. Teams granted exceptions to the true age group player minimum will be placed in a Select Division and must add the term "EX" to their team's name using the HYSA birth year convention and gender designation (i.e., Club Name 00BEX or Club Name 01GEX, as the case may be) if approved for such exception, on all Game Cards for such teams, and will be so named in all team listings and standings. Such teams will be required to make a new petition for each season if their need continues.
 - c. Scrimmage Seasons True- Age Policy for U11 & U12 have been removed. **(2/5/2020)**
 - d. Teams playing up an age group will be subject to the age group roster rules they are playing in, no longer restricted by their "True Age" roster regulations. I.e., U8 playing U9 will have a roster of 12, U10 playing U11 will have a roster allowance of 16 instead of 12. **(2/5/2020)**
 - e. Teams in U8-U12 can only play one age group up, provided the DOC of their club provides evidence they are eligible per provision "Promotion 7.a." This is for safety reasons. **(2/5/2020)**

12) U13 Teams will have their Shakeout in the Spring Season, with the results seeding teams into the immediately following Competitive Spring Season. **(11/1/2017)**

3.7.2 Club Passing

3.7.2.1 Purpose:

The Club Player Pass System is designed to maximize the development of the player by allowing players to play on a team from the same Club at an older age level on a temporary basis.

3.7.2.2 Club Pass Use:

Players may only use the Club Pass in only ONE designated primary Club in the Oahu League. Therefore, no double rostering within a club using club pass. Registering with two different organizations is allowed but the player must designate by their primary selection the club in which they will exercise the Club Pass use and the specific age team they are secondary registered with. If a player is primarily registered on an independent team, they will not be using a Club Pass. All HYSA rules apply, and players are not allowed to register in the same age group within the same District. Oahu is one district for the purpose of this rule. Please be aware of this rule when using the club pass. In compliance with the HYSA rules, there will be NO allowances for any player to play in two organizations within the same single age group within the Oahu League. A double rostered club player is not allowed to use the club pass in the single age group where he/she is rostered with a team outside of their primary club.

3.7.2.3 Requirement:

The Club Player Pass System to be used for the Oahu League must follow the current USYSA and HYSA rules, guidelines (for example: roster sizes), and the following criteria:

- a. For 4AS teams ONLY: on a boys' team, there may be 2 boys & 2 girls on the field during games. The maximum roster of 8 (eight) still applies with the majority of the players being more boys than girls. (i.e., 5 boys & 3 girls) **(7/3/19)**

16) Club Player Pass may play no more than two games per day in League play (this includes his/her primary team) and no more than four games per two- or three-day weekend in League play.

17) There will be an unlimited number of club players passing at U10 and below. There will be a 30-club player passes roster limit at the U11 to U19 age group per game. Players can be removed and added – please be mindful of the requirements of continuity of roster (9) for National Championship Competitions.

- 18) Use of Club Player Pass is not allowed in any of the league qualifying games or league qualifying tournaments. This includes the duration of the U13 Shake-Out (freeze effective from the first game), the Promotion/Relegation Playoff Games, Division Championship Play-offs, etc.
- a. The Roster Freeze for Promotion/Relegation Playoffs will take place for the Final Match Weekend of the Competitive Season, regardless of that team participating or not. This includes the Division Championship Playoffs (DCP) and in the case of no DCP taking place, the final regular season match. Player movement will not be allowed in the form of transfers of CP (Club Pass). All transfers must be made the Wednesday prior to the Roster Freeze Deadline for Promotion/Relegation Playoffs. **(2021)**
 - b. The Roster Freeze Deadline for the Division Championship Playoffs (DCP) will take place utilizing the roster from the last round-robin match. All Transfers must be made the Wednesday prior to the Roster Freeze Deadline for the Division Championship Playoffs. 4.4 SECTION D SPECTATOR MISCONDUCT

Team coaches, team assistant coaches, and team managers whose teams are on the field, as well as league officials present at the game, must do their utmost to help maintain orderly and gentleman-like behavior by the field of play. They may, if necessary, obtain the attention of the referee who has the sole authority to stop the game if in his/her judgment he/she finds it necessary. Coaches will be held responsible for the behavior of their spectators. (See HYSA Rules and Regulations, Division I. Rules of Order, Rules 6 and 7). Any instance of spectator misconduct may be reported to the league. The appropriate league authority may act including, but not limited to, placing the team in bad standing
